

Memo: Coronavirus and Flu Prevention

Date: 3/12/2020

To: All employees

From: Mike Olson, TreHus General Manager

The world health community continues to monitor closely the emergence of the SARS-CoV-2 virus and the disease it causes, named "coronavirus disease 2019" (COVID-19). At this time, no one knows how severe this outbreak will be. Given this uncertainty, and the fact that the seasonal influenza (flu) virus is also widespread, we are taking proactive steps to address a number of business concerns. First and foremost, we want to maintain a safe workplace and encourage and/or adopt practices protecting the health of employees, customers, visitors or others. We also want to ensure the continuity of business operations in the event of a pandemic.

We ask all employees to cooperate in taking steps to reduce the transmission of communicable diseases in the workplace. Employees are reminded of the following:

- Stay home when you are sick.
- Wash your hands frequently with warm, soapy water for at least 20 seconds.
- Cover your mouth with tissues whenever you sneeze, and discard used tissues in the trash.
- Avoid people who are sick with respiratory symptoms.
- Clean frequently touched surfaces.

Employees are encouraged to use telephone and video conferencing instead of face-to-face meetings as much as possible during this outbreak.

It is critical that employees do not report to work while they are experiencing respiratory symptoms such as fever, cough, shortness of breath, sore throat, runny or stuffy nose, body aches, headache, chills or fatigue. Currently, the Centers for Disease Control and Prevention recommends that employees remain at home until at least 24 hours after they are free of fever (100 degrees F or 37.8 degrees C) or signs of a fever without the use of fever-reducing medications. Many times, with the best of intentions, employees report to work even though they feel ill. Please do not jeopardize the health of others if you are exhibiting these symptoms.

While we currently do not offer formal telework arrangements, TreHus will consider, on a case-by-case basis, requests from employees to work from home during this time. While not all positions are conducive to telework, those positions with primary job duties that can be effectively performed remotely will be given consideration.

Please contact me or Brit with any questions or concerns.
